OUR VALUE PROPOSITION

We are a regional provider of experiential learning solutions, established in **2002** and serving organizations across **Egypt and the Middle East.**

Our programs develop leadership capability, business judgment, and execution skills through simulations and immersive learning experiences.

SAME CHALLENGES. DIFFERENT PERSPECTIVE. BRIGHTER OUTCOMES.

Experiential Learning turns potential into progress.

Simulation-Based Development

We design immersive learning experiences that build leadership capability, business judgment, and execution skills through realistic simulations.

LEARNING BY DOING

Participants practice real decisions in safe learning environments, experiencing the consequences of their choices and strengthening practical skills.

GLOBAL LEARNING PARTNERS

We integrate world-class simulations and experiential tools from leading international providers to deliver engaging learning experiences.

Knowledge®
enrich to lead

25
YEARS OF EXCELLENCE

THE POWER OF EXPERIENTIAL LEARNING

FROM EXPERIENCE TO A BRIGHTER TOMORROW

Experiential learning goes beyond theory. It gives people the space to think, try, fail, and grow — building the mindset and skills needed to lead in a complex world.

Big Picture Awareness

Participants step outside their daily roles and see how decisions, functions, and priorities connect across the organization.

Practice & Experimentation

Through simulations and experiential activities, teams test ideas, make decisions, and immediately see the consequences of their actions.

Business Impact

Experiencing real interdependencies strengthens decision-making, collaboration, and execution across the organization.

WHY EXPERIENTIAL LEARNING WORKS

REAL EXPERIENCES.
STRONGER LEADERS.
BRIGHTER ORGANIZATIONS.

Realistic Decisions

Practice decisions in realistic business simulations.

Big Picture Thinking

Understand cross-functional interdependencies.

Learning by Doing

Experiment, reflect, and refine thinking.

Collaborative Problem Solving

Work through real team dynamics.

Deeper Learning Retention

Experience creates lasting learning.

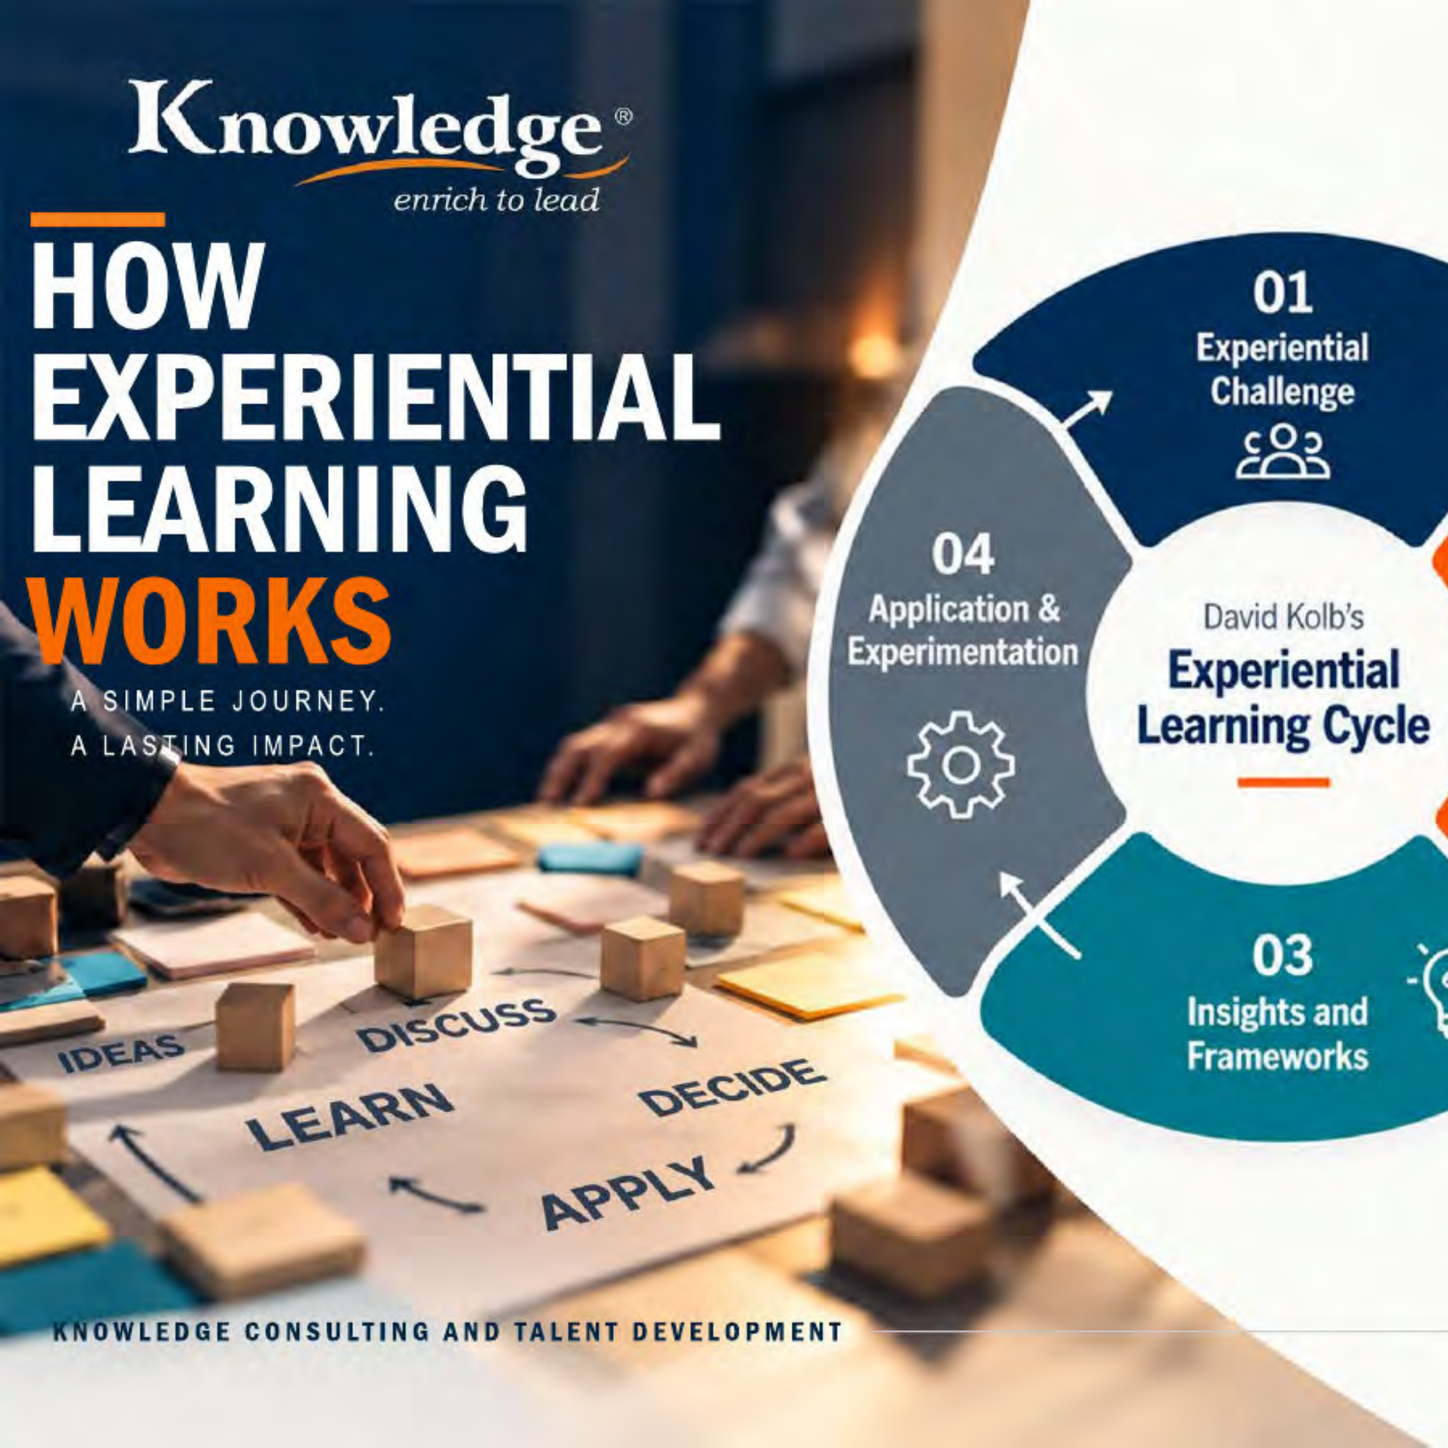

Our workshops combine experiential activities with **world-class business simulations.**

Knowledge®

25 YEARS OF EXCELLENCE

HOW EXPERIENTIAL LEARNING WORKS

A SIMPLE JOURNEY.
A LASTING IMPACT.

01 Experiential Challenge
Participants engage in a realistic business challenge requiring analysis, discussion, and decision making.

02 Structured Reflection
Teams review actions taken, results achieved, and the key factors behind outcomes.

03 Insights and Frameworks
Facilitators introduce models and concepts that explain patterns observed during the challenge.

04 Application & Experimentation
Participants test improved approaches and identify actions they can apply in their workplace.

> *"Experience is not what happens to you. It's what you do with what happens to you."*

Mastering Communication Dynamics Workshop

Experiential Workshop

25 YEARS OF EXCELLENCE

This workshop emphasizes understanding individual communication styles through experiential activities. Participants analyze the communication process, flex their DISC behavioral styles, and strengthen active listening skills.
They emerge as assertive, empathetic, and present communicators, fostering stronger team dynamics and achieving greater success.

Reality Check + Collaboration Puzzle (Metalog) + Listening Skills (Northgate) + Being Assertive Video Case (ourBizniss)

Learning Focus

- Understanding communication process and its components.
- Grasping the DISC model and its behavioral styles.
- Flexing communication using the DISC model.
- Demonstrating empathy, active listening & assertiveness.
- Use active listening and questioning techniques to understand, gain rapport and engage with people.
- Overcoming barriers to effective communication.

Topics and Competencies

- Communication Process.
- Deep look at the Four DISC Styles.
- Self-awareness and communication.
- Appreciating styles and flexing communication.
- Active listening skills.
- The art of questioning.
- Assertiveness skills.

Mastering Communication Dynamics Workshop

Experiential Activities Brief

25 YEARS OF EXCELLENCE

Reality Check Simulation

METALOG Training Tools | Germany

Work together to reconstruct a visual story where each participant holds only one piece of the picture. Through description, questioning, and active listening, teams must establish a shared understanding and determine the correct sequence. Strengthens communication, active listening, questioning, information sharing, collaboration, relationship building, critical thinking, and cooperation.

Collaboration Puzzle Simulation

METALOG Training Tools | Germany

Teams solve a wooden rod puzzle where only one participant can interact with the task at a time. Success depends on sharing information, coordinating actions, and aligning efforts as new insights emerge. Strengthens teamwork, collaborative communication, planning, problem solving, information sharing, accountability, coordination, and team effectiveness.

Listening Skills Simulation

Northgate Training | United Kingdom

Participants attend a board meeting where they raise key issues,
influence others, and seek desired outcomes. Success depends on understanding others' interests through active listening, effective questioning, and focused attention. Strengthens active listening, questioning, communication, influence, empathy, relationship building,

Being Assertive Video Case

OurBizniss | Australia

Participants follow a workplace team preparing for an important opening event, where pressure tests communication styles. The story highlights how to be assertive when expressing needs and concerns rather than becoming aggressive or passive. Strengthens assertiveness, communication, confidence, self-awareness, conflict handling, relationship building, and interpersonal effectiveness.

The Situational Leader Workshop

Experiential Activities Brief

25 YEARS OF EXCELLENCE

The 30-Minute Manager Simulation

Northgate Training | United Kingdom

Teams evaluate sixty-two managerial characteristics to build an ideal manager profile before comparing it with a benchmark. Success depends on prioritizing essential attributes, building consensus, and identifying strengths and development opportunities.
Strengthens managerial judgment, management awareness, prioritization, self-awareness, leadership, communication, teamwork, and people management.

Northgate TRAINING ACTIVITIES

Introduction to Leadership Simulation

Northgate Training | United Kingdom

Teams analyze leadership profiles and match them to workplace situations, discovering how leadership styles influence effectiveness. Success depends on applying situational leadership, building consensus, and adapting leadership approaches to different team needs.
Strengthens leadership, situational leadership, leadership agility, adaptability, communication, influence, and teamwork.

Practicing Coaching Workshop

Experiential Workshop Overview

25 YEARS OF EXCELLENCE

Delve into the potency of coaching as a crucial management tool. Engage in simulations and coaching role plays to practice using GROW coaching model and using questioning and active listening techniques. Practice also using the SBI model for giving effective feedback, empowering staff and nurturing a coaching culture for organizational growth.

Learning Focus

- Master effective coaching skills for managerial success.
- Apply the GROW model for enhanced performance coaching.
- Build trust and rapport for a conducive development environment.
- Use the SBI (Situation-Behavior-Impact) feedback model to deliver
- specific, behavior-focused, and impactful feedback.
- Utilize effective listening, questioning, and feedback techniques for coaching sessions.

Topics and Competencies

- Coaching basics and effectiveness
- Qualities of a good coach
- GROW Coaching Model
- SBI Feedback Model
- Asking Questions and Active Listening
- Conducting Coaching sessions

Up to 20 pax | 1 Day | En / Ar

Practicing Coaching Workshop

Experiential Activities Brief

25 YEARS OF EXCELLENCE

Coaching & Mentoring Simulation

Northgate Training | United Kingdom

Working in coach–learner–observer teams, participants help a colleague understand a simple but unfamiliar wooden-block counting system without giving instructions.
Success depends on active listening, questioning, empathy, and resisting the urge to instruct.
Strengthens coaching, questioning, active listening, empathy, and employee development.

Northgate TRAINING ACTIVITIES

Grow Coaching Cards Simulation

RSVP Design | United Kingdom

Participants use structured GROW coaching cards to prepare for and conduct coaching sessions, selecting probing questions that clarify goals, reality, options, and way forward. Success depends on guiding meaningful conversations that encourage reflection, self-discovery, and action.
Strengthens GROW coaching, coaching preparation, questioning, active listening, goal setting, action planning, performance coaching, and employee development.

Delegation Made Easy Workshop

Experiential Workshop Overview

25 YEARS OF EXCELLENCE

Effective delegation is a crucial skill for managers to reduce workload and focus on high-priority tasks. By delegating lower-priority work, managers can empower employees, boost productivity, and promote growth. This workshop helps participants master the delegation process, from selecting tasks to assigning responsibilities, conducting delegation meetings, overcoming challenges, and emphasizing employee empowerment, feedback, and fostering a supportive, accountable environment for success.

Learning Focus

- Master the delegation process and techniques.
- Develop a positive attitude towards delegation.
- Decide what to delegate and select the right delegate.
- Learn how to run an effective delegation meeting.
- Monitor delegated tasks and evaluate results.
- Provide constructive feedback and foster accountability.

Topics and Competencies

- Delegation Process
- Delegation Formula
- What and whom to delegate
- The delegation meetings
- Monitoring and feedback

KNOWLEDGE CONSULTING AND TALENT DEVELOPMENT

Up to 20 pax | 1 Day | En / Ar

Delegation Made Easy Workshop

Experiential Activities Brief

25 YEARS OF EXCELLENCE

Managing Time Simulation

Northgate Training | United Kingdom

Participants plan a manager's four-week workload by scheduling activities, allocating tasks, and making delegation decisions while balancing competing priorities. Success depends on effective planning, workload judgment, delegation, and resource utilization.

Strengthens planning and organizing, workload planning, delegation, prioritization, resource management, decision making, and personal effectiveness.

Performance Appraisal Workshop

Experiential Workshop Overview

25 YEARS OF EXCELLENCE

This workshop equips managers with the skills and knowledge needed to conduct effective performance appraisals. Focusing on preparation, conducting appraisal meetings, and creating development plans, the workshop includes experiential activities, such as the "Appraisal Game," to help managers practice providing constructive feedback and developing actionable growth plans for employees.

Learning Focus

- Prepare for performance appraisal meetings effectively.
- Conduct appraisal meetings with clear, constructive feedback.
- Set measurable goals for employee development.
- Identify areas for employee improvement and growth.
- Engage employees in creating actionable development plans.
- Handle challenging conversations during appraisal meetings.

Topics and Competencies

- Preparing for the appraisal meeting
- Conducting the appraisal discussion
- Setting SMART development goals
- Providing constructive feedback
- Employee development planning
- Managing challenging appraisal conversations

Up to 20 pax | 1 Day | En / Ar

Performance Appraisal Workshop

Experiential Activities Brief

25 YEARS OF EXCELLENCE

The Appraisal Game Simulation

Northgate Training | United Kingdom

Participants prepare for and conduct a performance appraisal discussion with an employee, providing balanced feedback, managing reactions, and agreeing future development actions. Success depends on preparation, communication, and a constructive approach. Strengthens performance appraisal, performance management, feedback, communication, employee development, relationship building, and difficult conversations.

CRITICAL THINKING FOR A MORE COMPLEX WORLD

KNOWLEDGE CONSULTING AND TALENT DEVELOPMENT

Critical and Analytical Thinking Workshop

25 YEARS OF EXCELLENCE

Experiential Workshop Overview

Participants strengthen structured problem solving, rational decision making, root cause analysis, and bias awareness. Delve into rational decision-making, critical and analytical thinking, root cause analysis, and bias avoidance. Through simulations, hone skills to drive innovation, solve complex challenges, and make impactful decisions in your business environment.

Learning Focus

- Learn methodological problem-solving & decision-making tactics.
- Use the 7-steps Rational Decision-Making Model
- Explore creative problem-solving tools and techniques.
- Apply root cause analysis techniques like the Fishbone Diagram.
- Select solutions through decision-making models like Kepner Tregoe.
- Implement and evaluate chosen solutions effectively.

Topics and Competencies

- Rational Decision-Making Model
- Challenges and biases in decision making
- Applying Root Cause Analysis Techniques
- Fishbone Diagram and Brainstorming Techniques
- Analyzing solutions
- Implementing and Evaluating the Decision

Up to 20 pax | 2 Days | En / Ar

Critical and Analytical Thinking Workshop

Experiential Activities Brief

25 YEARS OF EXCELLENCE

Problems! Problems! Simulation

Northgate Training | United Kingdom

Teams tackle ten workplace and logic problems within a limited time, selecting appropriate problem-solving approaches to diagnose issues and identify root causes. Success depends on problem-solving strategy, teamwork, and effective time management.

Strengthens root cause analysis, problem solving, analytical thinking, critical thinking, teamwork, time management, and continuous improvement.

Northgate TRAINING ACTIVITIES

Decisions! Decisions! Simulation

Northgate Training | United Kingdom

Representing a travel company's senior management team, participants respond to operational problems during an overseas customer trip, evaluating options, balancing customer satisfaction, profitability, and consequences while making timely, well-reasoned decisions.

Strengthens rational decision making, judgment, risk assessment, business acumen, prioritization, consensus building, and collaboration.

FOCUS TODAY FOR A STRONGER TOMORROW

KNOWLEDGE CONSULTING AND TALENT DEVELOPMENT

Focus First Workshop

Experiential Workshop Overview

25 YEARS OF EXCELLENCE

This workshop focuses on managerial execution by helping leaders align goals, define KPIs, prioritize initiatives, and ensure team accountability for results. Through experiential activities,
managers practice prioritization, resource alignment, and disciplined execution. Additionally, participants will explore using KPIs to measure progress, ensuring alignment between goals and resources for sustained success.

Learning Focus

- Utilize performance management cycle for effective planning.
- Set and achieve SMART goals for effectiveness.
- Create goal-focused plans aligned with available resources.
- Organize and prioritize daily tasks by putting first things first.
- Utilize KPIs to track progress and performance.
- Avoid reverse delegation by fostering accountability.

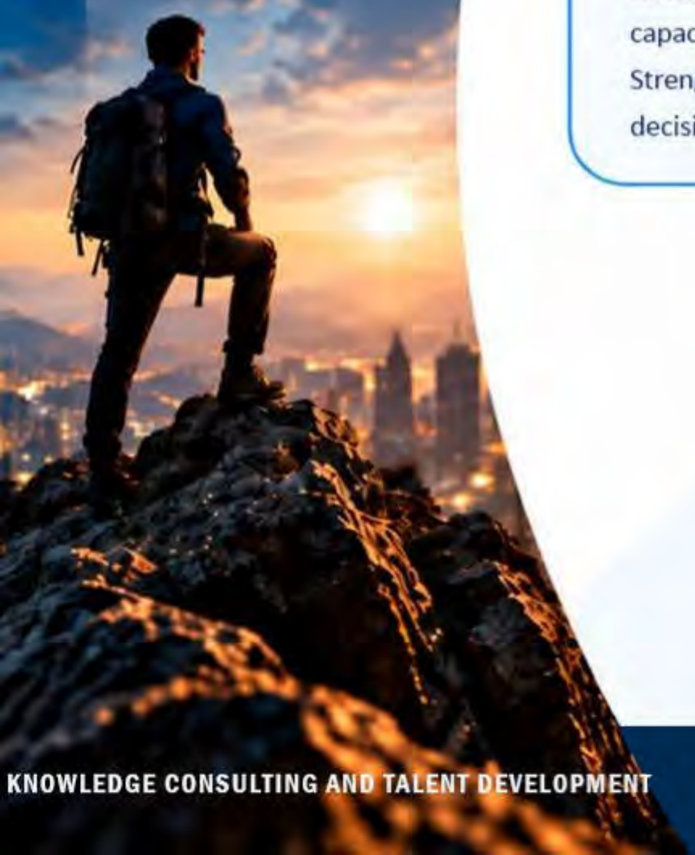

Topics and Competencies

- Performance Management Cycle
- Result orientation - Setting SMART Goals
- Aligning Goals with Resources
- First things First - Prioritizing Your Tasks
- Key Performance Indicators (KPIs)
- Dealing with Reverse Delegation
